C-QUIP

Specialist designers and manufacturers of premium superyacht equipment

SWIM LADDERS | BOARDING STAIRS | PILOT LADDERS | TENDER FENDERS | LIGHT MASTS | TENDER BOOMS

Dock Steps

The smart solution for filling awkward gaps between the dock and your yacht's boarding platforms, stairs or passerelles.

C-Quip's sturdy dock steps are constructed with non-slip teak steps, removable stainless steel handrail and lower stand to make boarding safer. Both height and width can be customised depending on your requirements. The stairs quickly flat-pack into an optional protective storage bag, which makes it easy for you to transport them to where they are needed.

Key benefits

- Lightweight non-corroding materials
- Safe and sturdy
- Versatile
- Elegant design
- Compact storage
- Customisable
- Quick to set up

Dock Steps

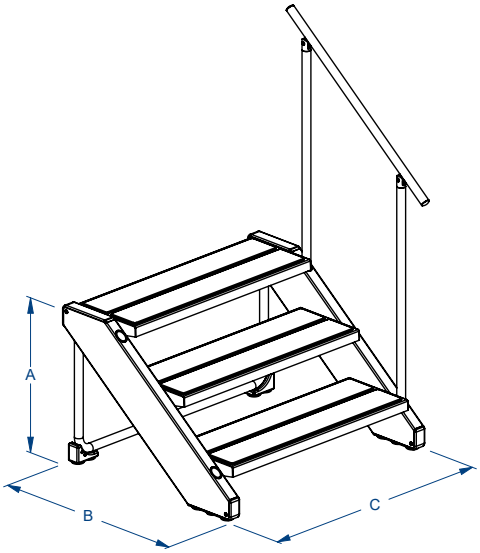

Fit for purpose

Carrying C-Quip dock steps on board enables you to adapt to different boarding situations.

Rubber feet for non-slip and silent operation, dual handrail option, connection for a communication box and easy flat storage.
